### LOVER ADMITS KILLING 3

### WILL DEVOTE ENTIRE TIME TO BASEBALL

#### CONFESSION LIFTS VEIL OF MYSTERY

CLEVELAND — (Associated Press) — Mystery surrounding the brutal slayings of Gretchen Brandt, Mrs. Elsie Kreinberg and Santo Lomachio here, was torn aside by a prisoner in the Ohio state penitentiary in a confession of his guilt to Edward C. Stanton, prosecutor of Cuyahoga-co and Captain of Detectives George Matowitz, of Cleveland, according to the officials, who returned here today.

The prisoner who Stanton says confessed is William Anderson, alias Amos.

In each case the prisoner, who is 45, said he committed the murders "for love." The man, who was sent to the penitentiary for forgery three months ago, said he told of the brutal crimes to "get peace." "I could not stand the torture any longer," he told penitentiary attendants after his confession. "Now I will be able to sleep."

**GRATEN AND STABBED**

Miss Brandt was beaten and stabbed to death in her bed room on January 20, 1921. Mrs. Kreinberg was choked to death after being beaten in a lonely road on the night of September 26, 1918, while Lomachio met his death by being hurled from the Central viaduct in February, 1919.

The prisoner said he had known Miss Brandt for about eight months before the murder.

"I wanted to marry her, but could find no way to get a divorce from my wife, and rather than see her married to another, I took her life," Prosecutor Stanton quotes the prisoner as having said.

The motive that prompted the slaying of Miss Brandt also led him to the killing of Mrs. Kreinberg, Prosecutor Stanton said the prisoner confessed.

The officials said the prisoner also confessed to throwing Lomachio over the viaduct when he found him walking across the bridge with a girl friend of his.

#### MINERS TO FINISH VOTE TODAY

INDIANAPOLIS — (Associated Press) — The special convention of the United Mine Workers of America today faced the completion of the roll call on the appeal of the Kansas "rebel" miners for union readmission before beginning consideration of the union's wage policy, the only avowed purpose for its being called into session.

Delegates eligible to vote, today had enough potential strength to overturn the unofficial majority of 93 against the Kansas miners' appeal, but Alexander Howat, their leader, conceded defeat, and President John L. Lewis, opposing Howat, predicted an increase of the margin endorsing his course in the union's Kansas troubles.

Unless upset by an unexpected result from the official tabulation of the roll call, the program was to begin work on the wage policy as soon as the roll was called. Leaders among the delegates were unanimous in the prediction of an overwhelming adoption of the wage scale committee report, opposing any wage reductions for soft coal miners and increases for anthracite workers under threat of a strike April 1.

The surprising strength shown by Howat in his fight in doubt yesterday until the casting of the last 200 votes. These went against him three to one, giving the administration forces their victory by the narrow margin.

#### BRIEFS FILED IN AID OF RETURN OF SEIZED LIQUOR

Briefs have been filed in criminal court by counsel for M. B. Linder, Joseph Kipp, Gilbert Imber and Mrs. Jennie Miller, Delphos people arrested in a liquor raid January 31.

They set forth reasons why the liquor confiscated at their homes should be returned. Almost 30 gallons of various kinds of illicit brew was taken by prohibition agents and county officers.

Three of the cases were dismissed. The fourth person, Imber, was fined.

#### SHE MAY FACE FIRING SQUAD

Angelene Wacaster, 18, has been charged with murder at Salt Lake City. If convicted, she may face death at the hands of a firing squad, as that is the usual form of punishment for murder in Utah. Miss Wacaster, police allege, induced her sweetheart, Gilbert Brighton, 22, to hold up her employer, Charles A. Faus. Faus was killed in the hold-up. Brighton says the death shot was fired by an accomplice who escaped.

#### BIG DEFICIT IS SHOWN HERE

Lima Waterworks Department Short \$6,263.21 for 1921

#### ILLEGAL SALARIES PAID

Report of Examiner, Filed in Columbus, Released

The Lima waterworks department has a deficit of \$6,263.21 for the year ending December 31, 1921, according to report of the Ohio Bureau of Inspection of Public Offices, Columbus, made public Saturday.

The report shows receipts of \$191,999.72 and expenditures of \$198,626.93.

The deficit occurred despite increased water rates. However, the reports point out, every item of expense showed an increase.

Unless decided reductions in costs of fuel and filtration supplies are made, the report of the examiners advises against reduction in charges for water.

**SALARIES ILLEGAL**

It is asserted in the report that illegal salaries amounting to \$451.75 were paid to Margaret McNeill and Fairy Leming. They were employed as clerks in the waterworks repair department.

The positions were not approved by council, it is shown, nor were they placed under civil service.

The report shows Miss McNeill owes the waterworks department \$88.75 and Miss Leming owes \$363. A Lima has pure and unadulterated water, according to the report. No softening chemical is used in the filtration plant, it is asserted.

#### COMMISSIONERS INSPECT INSTITUTIONS OF COUNTY

County commissioners completed their quarterly inspection of St. Rita's and City hospitals Saturday. Commissioners recently completed their inspection of the infirmary, the children's home and the district hospital. They will file their report, following visitation of the hospital located in Bluffton.

#### GUARDIAN ASKS \$3,541.42 FOR CARE OF EX-SOLDIER

The amount of \$3,541.42 is asked of Lawrence Strayer, guardian of Franklin Strayer, by William Strayer, in an action filed in common pleas court.

William Strayer says the money is due for care of Franklin Strayer following his discharge from the army and while he was in a private sanatorium.

Strayer is now an inmate of the Toledo state hospital for the insane.

#### SECRETARY OF LABOR TO DELIVER ADDRESSES IN GOMER AND MIDDLEPOINT

Secretary of Labor James J. Davis, of President Harding's cabinet, who will visit Lima Wednesday to be the principal speaker at the dedication of the Moose temple, as director general of the order, will speak in Middle Point and Gomer the same day.

An elaborate program has been arranged for the Washington's Birthday program at Middle Point, to be given in the school auditorium at 2:30 a. m. Later in the morning Secretary Davis will speak also at Gomer, where arrangements have been made for his reception. The distinguished visitor will arrive in Lima at 2:30 p. m., it is announced.

#### IRISH STILL HELD READY FOR BATTLE

LONDON — (Associated Press) — Peace seems for the moment to have again descended over northern Ireland, the release of remaining kidnapped Unionists announced, tending to ease the tension. Nevertheless, both sides still hold prisoners, and it is understood the south is determined not to release the special constables captured at Clones until the Monaghan football players are freed by the Ulster authorities, the south contending that if the latter are guilty because they carried arms, the Clones captives are equally guilty.

Moreover there is the question of the four Sinn Feiners held at Rathfriland, charged with "tumultuous assembly," this growing out of disorders in connection with a Republican funeral two weeks ago, and also that of the arrest of the three Irish Republican army officers at Newry. Despite repeated northern assertions that the footballers will be held unless they apply for bail, there is a rumor that they may be freed as an "act of grace" within a few hours. A joint liaison commission is expected to function over the week-end and to prevent a clash between rival forces lined up along the Ulster border.

Resumption of the British evacuation has not been officially declared, but a number of troops left Dublin yesterday, others left Limerick and some are at Cork stations ready for embarkation.

Dispatches indicate that last night was the quietest in Belfast for nearly a week. Only two men were shot and wounded before the curfew.

#### HOLLENBACHER IS FOUND SANE; MUST SERVE TERM FOR MURDER OF EX-WIFE

Carl Hollenbacher is sane. The jury which heard the trial of the case in common pleas court, in an effort to decide his sanity for a second time, returned such a verdict Friday at 6 p. m. The jurors deliberated little more than an hour.

Hollenbacher will now be returned to the state penitentiary to enter upon his term of service. If found insane, it was the purpose of his legal counsel to seek admission for him to the Lima state hospital.

Second trial was granted as a result of error, found by court of appeals several weeks ago, when it handed down a review of the first trial. Appeals court did not disturb the verdict of guilty in the murder charge returned against Hollenbacher in connection with the shooting of his divorced wife in the garden of her mother's home on June 19, 1919.

#### PLANS START TO BOOST MEMBERSHIP OF C. C.

Plans for boosting the membership were discussed by the Chamber of Commerce membership committee at a luncheon held in the Lima Club Saturday noon.

The organization has had no campaign for new members since 1920, when the enrollment was boosted to its excess of 1200. It is probable that the committee will recommend a drive, but will solicit new material and endeavor to keep old members lined up.

**RAN PIGEON SHOOTING**

CHRISTCHURCH, N. Z. — Live pigeon shooting in New Zealand has been made unlawful by a bill that has just been passed by the legislative council.

#### PACT AIMS KNOCK-OUT AT STRIKES

WASHINGTON — (Associated Press) — A national agreement designed to settle the jurisdictional disputes said to have caused most of the strikes in the building industry in the past, was reached by the Associated General Contractors of America, the American Institute of Architects, the Engineering Council, the National Building Trades Employers' association and the Building Trades Department of the American Federation of Labor thru the National Board of Jurisdictional Awards at its quarterly meeting just concluded here, it was announced today.

The agreement provides that local building trades councils shall suspend unions and refuse to recognize or support unions which fail to abide by decisions of the board. It also provides that general contractors and subcontractors shall incorporate in agreements with union labor a provision for compliance with all decisions of the board and shall refuse employment to members of other unions which do not abide by its decisions. Architects and engineers also are bound under the agreement to insert in all their specifications and contracts a clause providing that the board's decisions shall be followed.

**COMMITTEE REPORT**

The agreement was reached with adoption of a report of a special committee of the National Board of Jurisdictional Awards which had been appointed to outline procedure in connection with the alleged refusal of the United Brotherhood of Carpenters and Joiners to conform to decisions of the board settling disputes between that organization and the Sheet Metal Workers in favor of the latter.

The board also settled a dispute between elevator constructors and electrical workers by awarding the former jurisdiction over the hoisting, lowering and placing of elevator machinery. The International presidents of both unions, it was announced, expressed willingness to abide by the decision.

#### PRESIDENT ASKS PACT ADVICE

WASHINGTON — (Associated Press) — The senate foreign relations committee held before it today a message from President Harding asking the senate's advice on the question of ratifying the new treaty with Germany which automatically lapses with the declaration of a state of war in 1917.

Altho the president has the power to revive by mere formal request this and other treaties which lapsed with the war declaration, if such request is made within six months of the ratification of the peace treaty, it was explained at the White House when the message was sent that this course has been taken as a precedent.

The committee also has the alternative of giving the senate the opportunity of advising which it would have if the treaty were to be followed, altho this was not expected in this instance.

#### \$500,000 SUBSCRIBED TO WILSON FOUNDATION

NEW YORK — More than \$500,000, half the amount which will make up the fund, has been subscribed to the Woodrow Wilson Foundation. It was announced today by Franklin D. Roosevelt, chairman of the national committee. The half-way mark was passed February 15, Mr. Roosevelt said, and the amount since contributed has not been recorded.

New York state leads in money subscribed, but North Carolina is first in proportion to its quota. Oklahoma is second and the District of Columbia third, each having subscribed more than two-thirds their quota. Minnesota, Tennessee, Delaware, Kentucky, Connecticut, New Jersey, Oregon and Wisconsin have all passed the half-way mark.

#### GIVES UP FEDERAL JUDGESHIP

JUDGE R. M. LANDIS

#### CLAIMS WAR COSTS PUT ON FARMER

CHICAGO — (Associated Press) — The money powers of this country, manipulated by the international investment bankers, decreed that the farmers should be made to bear the brunt of the war costs, Benjamin C. March, managing director of the Farmers' National Council, told members of that body in session here today.

"During the last three years," he said, "farmers have lost \$20,000,000,000 thru the deflation in prices which they received for their farm crops and thru the foreclosing of mortgages and high freight rates. The international investment bankers deflated prices in order that the loans which these big financial interests made to the government out of their scandalous war profits might be doubled in value thru shrinking the dollar to one half of its value when they loaned it to the government."

**RATES INCREASED**

"The profiteers of America obtained \$250,000 net profit for every American boy who lost his life during the world war."

The speaker said that freight rates under the Black Chamber law have increased about one-third while farm prices have gone down about one-half.

"The bright spot in our national condition today," he said, is the fact that a group of farmers and ranchers have taken down the challenge to the control of our life and other things which depend on agriculture, commerce with the war declaration, if such request is made within six months of the ratification of the peace treaty, it was explained at the White House when the message was sent that this course has been taken as a precedent.

The committee also has the alternative of giving the senate the opportunity of advising which it would have if the treaty were to be followed, altho this was not expected in this instance.

#### PARALYSIS IS FATAL TO WILLIAM SHOCKEY

William Shockey, 72, of 103 Archway, died at his residence, Friday afternoon, after an illness of a week from paralysis. He was born in Alabama. Besides the widow, he is survived by five daughters.

They are: Mrs. John Cole, 362 Archway; Mrs. Grover Elliff, 1444 E. 1st; Mrs. C. F. Buchanan, 14 Wayne; Mrs. Fred Nathan, Buffalo; and Mrs. Nicholas, Hollywood. Michael and two half-brothers survive him.

Funeral services will be held Monday at 10 a. m. at the residence. Interment in Woodlawn.

CHICAGO — (Associated Press) — Federal Judge Kenesaw M. Landis, today announced that he had resigned from the bench to devote his entire time to his position of baseball commissioner.

The resignation is effective March 1. Announcement of it was made formally by the judge today as he took his place in court.

"There are not enough hours in the day for all my activities," said the judge. "Therefore I have forwarded my resignation as federal judge to Washington, effective March 1."

The judge then called the first case on his docket and refused to discuss the matter until court recesses.

#### 17 YEARS ON BENCH

Judge Landis will have virtually completed 17 years as judge for the northern district of Illinois when his resignation becomes effective.

Rumors of the resignation have been current for months and intimate friends have known for some time that the action was imminent.

It has been generally understood that Judge Landis would have resigned some time ago but for the attacks made on him by Senator Dial, of South Carolina, and the notoriety brought thru his handling of the case of Willie Dalton, 17-year-old bank robber.

On the verge of resigning when these things came up, the judge changed his plans, informing friends that he "would never resign under fire." Senator Dial had attacked the judge because of the latter's statement that bank officials sometimes were partly responsible for robberies by boys because they did not pay adequate salaries.

#### WELTY'S ATTACK

Senator Dial and Representative Welty of Ohio later proposed impeachment proceedings against the judge, the representative basing his case on the holding of two positions by the judge. Both cases were dropped.

#### LEGION WILL TAKE ROOMS TO BE VACATED BY GUARD

Decision to move into larger quarters has been reached by members of Paul Gallagher Post No. 96, American Legion.

Present quarters are inadequate, according to Major Frank H. Hume, Stein hall, in W. High-st., may be leased for club rooms. It affords several rooms, including a small dance floor.

Calvin Selfridge is chairman of the investigation committee and Martin McGinnis chairman of ways and means committee to devise plans of raising money for rental. Legion dues will not be boosted, it is stated.

The Legion now numbers more than 600 former service men in Lima. In addition there are a number of members of outside posts who visit the local headquarters.

Stein hall is favored as quarters. It is now to be vacated by national guard organizations now holding a camp.

#### CHARGE OF THREATENING TO SHOOT IS DISMISSED

Charges of making threats to shoot Henry Ephegrove brought against George Vena, have been dismissed in the court of Ernest M. Botkin.

Ephegrove is a son-in-law of Vena. Hazel Vena Ephegrove has divorce proceedings pending against Henry Ephegrove.

Ephegrove charged he met Vena on the street and threats to shoot him were made. After hearing the evidence, Botkin ordered the case dismissed. Both Vena and Ephegrove are colored.

#### UNION MEETING FRIDAY AT "Y. M." IS PLANNED

Union meetings of Protestant church workers interested in education of women of the Orient, will be held in Ohio cities, including Lima, in the near future.

The meeting in Lima will be held at the Y. M. C. A. Friday, February 24, at 2 p. m. Mrs. W. H. Pashody and Mrs. Lytton of Boston, are to address the meeting.

Ten American churches are supporting schools for women of the far east in China, Japan and India.

#### INDUSTRIAL WORKERS OF "Y" ELECT S. C. BIDDLE

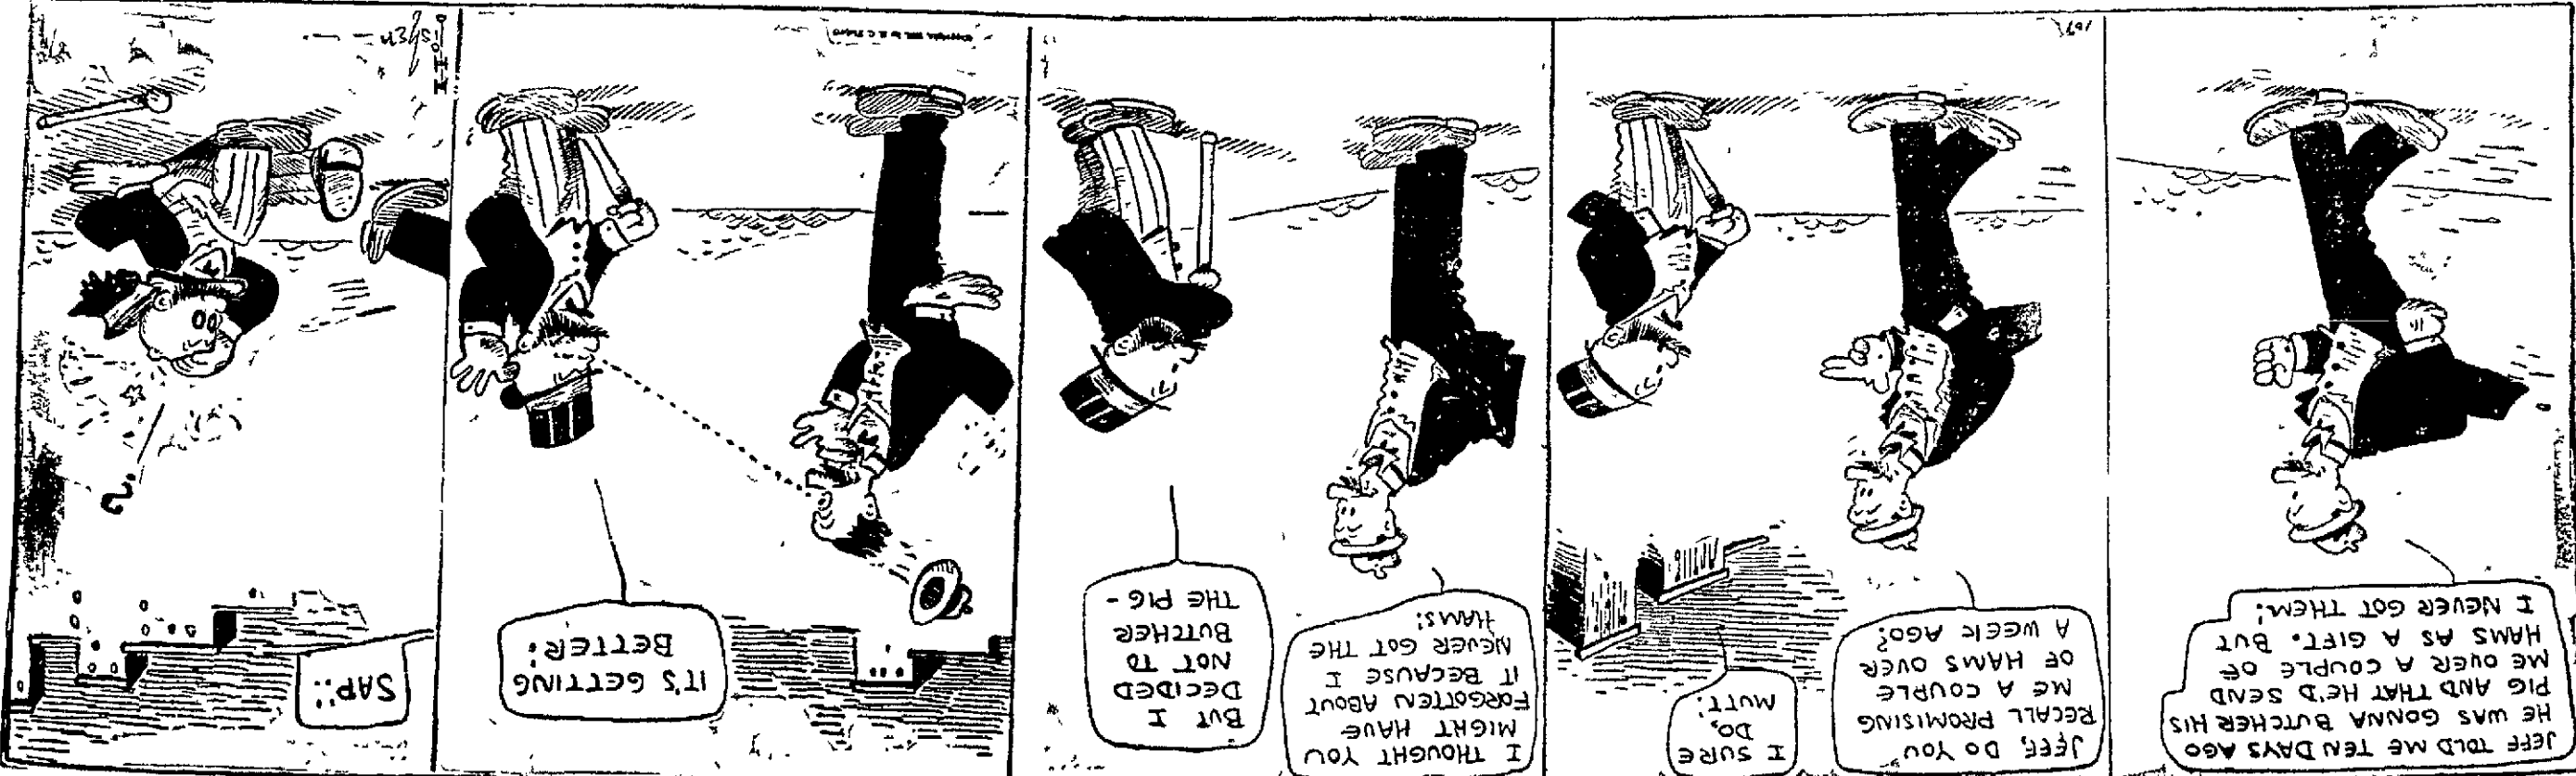

In connection with the state Y. M. C. A. convention, being held in Springfield, the industrial state organization met Saturday and elected S. C. Biddle, of Columbus, as president and S. C. Biddle, of Lima, secretary and treasurer. Biddle is industrial secretary of the Lima Y. M. C. A.

# GIANTS HELD UP BY SMALL CONCERNS

Corporations Live on Independent, Forbes Says

## SHOWS CO-OPERATIVE NEED

Business Possibilities Pointed Out by the Writer

(BY B. O. FORBES)  
NEW YORK.—(Special)—What will be the final upshot?

And how will you and I be affected?

These questions are beginning to come up in connection with the trend of industry towards co-operation and combination.

The problem, expressed in the simplest language, is this: How can the benefits of the most possible co-operation be secured without inviting and involving the dangers of combinations mounting to domination, not to say monopoly?

Co-operation among those engaged in the same industry can mean incalculable benefit alike to the industry and the public.

But co-operation can likewise mean incalculable evil—corrupting, to those in the industry and unjust to the public, as has recently been revealed in several industries connected with building.

Did this ever occur to you? The continued existence of a number of gigantic dominating corporations is dependent solely upon the continued existence of independent in the same industry.

The United States Steel Corporation is perhaps the best example. Here half or more of the independent go broke and pass out of existence and their trade goes to the steel corporation. The steel corporation's life would be doomed, for a government would be able to take its hold on the industry and reach monopolistic dimensions, and the federal courts would be asked to dissolve the combination.

The most foolish, the most fatal Judge Gary could do would be to run his competitors out of business, for thereby he would sign the death warrant of the colossal structure he has devoted twenty years of a life to building up. In other words, by killing his competitors he would commit suicide.

The Corn Products Refining company is at this moment in an extremely awkward and unsatisfactory position because of the fact that it has stricken most of its competitors.

They are down and almost out. The steel state becomes, the more anxious becomes the legal position of the Standard Oil people's. It is in grave danger of being monopolistic. And the law is not look kindly upon industrial monopolies.

E. T. Bedford, like Judge Gary, handled his company so ably that results threaten to prove embarrassing.

Another industry that must watch its step is the copper industry. It is now in a position to be out of two groups in it are becoming increasingly powerful. As in the case of Corn Products, the reason what is happening is to be found in that indefinable thing we call "personality." In the copper industry there have developed a handful of titans, men of extraordinary, extraordinary energy, extraordinary ambition.

They may interest them to learn that this thing has its eyes on them, their activities.

The chemical industry, the brass industry and the dye industry are others which come to mind in this connection.

Now, it cannot be disputed—it has abundantly proven—that large combinations can be carried on economically, more efficiently, in small-scale operations.

Now can the public secure the advantages of economical large-scale operations without running the risk of being subjected to the evils which are so inherent in monopoly?

Remember, too, it is only through these large operations that the United States can hope to compete successfully with other nations in the markets of the world, especially now when the British government is following the example of Germany and other countries in encouraging and subsidizing combinations, particularly capturing foreign trade.

We could have combinations in which our foreign trade without combination in handling domestic goods would be a satisfactory arrangement. But the feasibility of it is very doubtful, do you not think?

Nothing our business leader and our political leaders would do to keep firmly in mind is this: he citizens of this democracy do not submit to monopoly, to cronyism, to domination by big business or by big business interests. We are interested in the success of the interests in evolving and of monopoly very different from the brands we have known before.

What do we do?

Not, what?

## JANE NOVAK - FILMLAND'S "OLD FASHIONED GIRL"

(BY ESTHER WAGNER)

WE have just received the news that Jane Novak's new salary is \$1,500 a week.

That is one of the most inconceivable things we know about Jane Novak. About the best story that could be published about Jane Novak is that the breath of scandal has never touched her.

Hollywood and the entire movie industry at this moment needs more stories like the true one of Jane Novak and less of the cock-and-bull stories about star salaries.

Jane Novak entered the movies eight years ago, after having played in a stage stock company with her uncle in St. Louis. She was 17 then. She could have had sensational roles but refused them. Stardom was sacrificed for roles as leading

women in more wholesome pictures. Other girls who entered pictures after Jane Novak were skyrocketed to stardom and fame—and now are almost forgotten. Stardom was not won by merit or their work.

Known as "the old fashioned girl," Miss Novak played opposite Bill Hart, House Peters, Charles Ray, Robert Bosworth, Tom Moore and Lewis Stone.

Most of her films have been based on outdoor stories—"Kazan," "Isobel," "The River's End." Her most recent release is "The Rosary." Today she has her own company and a contract for five outdoor pictures. "The Belle of Alaska" and "The Starveling" have been completed. She is now filming "The Snowshoe Trail," by Edison Marshall and adapted by Marion Fairfax.

also Hunt. The cast includes St. Fred Thompson. Also Tony Sarg's girl Holmquist, Lewis Sargent and Almaine.

# CONGRESS IS TORN ON BONUS PLANS

Different Schemes Advocated by Various Groups

## LAND GRANTS SUGGESTED

Paid Insurance Another Proposal Put Forward

(BY CARL D. GROUT.)

WASHINGTON—(United Press)—Congress was torn today between legalizing a sales tax to pay a soldier bonus or drop the cash bonus altogether, substitute paid insurance or land grants.

This was the situation resulting from President Harding's letter suggesting the sales tax, or abandonment, as the alternatives for the bonus.

There was virtually no talk of postponement as suggested by Harding in the event of failure of the sales tax.

But just how the congress would put thru a payment plan was as much a mystery as at any time since that body threw up its hands and sought counsel of the president.

**SALES TAX OPPOSED**  
The sales tax will have hard sledding. This is certain from utterances of its friends and foes, but from the bonus standpoint there is still a chance of it going thru. Men, bitterly opposed to it on principle, are beginning to waver and say:

"Well, I might favor the sales tax for the purpose of providing funds for the bonus. I would not favor it for any other purpose."

Chairman McCumber of the senate finance committee, irrevocably advocating the bonus, finds himself facing a hard situation. His constituents, the farmers of the northwest, are flooding him with notices not to vote for a sales tax. On the other hand, he has repeatedly declared a bonus must be passed and he, with Chairman Fordney of the ways and means committee, still predict that it will be passed.

## INSURANCE PLAN

Senator Calder, New York, heretofore pro-bonus has altered his position so now he stands against a cash bonus but for paid up insurance.

Sharing his sentiment in one form or another certain members of the so-called "veterans bloc" of the house. For instance, Representative Fitzgerald of Ohio, one of the veteran spokesmen, told Fordney "service certificates"—a sort of insurance scheme—ought to be provided. The committee was mainly concerned in its meeting today with sounding out American Legion sen-

timents on elimination of the cash bonus.

The Legion, as is known, is agreeable to paid-up insurance, but has voted several times strongly in favor of the four-fold plan on which the bonus so far has been founded.

Vice Chairman John Thomas Taylor of the American Legion legislative committee issued a statement opposing any postponement but holding it was not the Legion's province to suggest means of financing the bonus.

A typical cross-section of congressional opinion is given herewith: Senator Smoot sure bonus will pass but doubts sales tax can get thru house.

Senator McCumber and Representative Fordney, sure bonus will pass. Representative Longworth thinks could be postponed and that British debt bonds would be available by summer but holds sale tax of one per cent would yield \$300,000,000 annually.

Representative Barbrich, New Jersey, says tax and means committee, thinks sales tax will pass.

Representative Hawley, Oregon, same committee, doubts sales tax possible, but says bonus will pass.

Representative Sweet, farm bloc, and Representative Darrow, Pennsylvania, for bonus but hopes sales tax will not pass.

Representative Frear, farm bloc, against sales tax.

Senator Glass, Democrat, against a bonus, no matter how paid.

Senator Capper, farm bloc, against sales tax; for excess profits tax.

## 300 SHOT IN INTESTINES

BUT MAN STILL LIVES

ASTORIA, Ore. — John H. Bell, noted locally as a hunter of wild fowl and who for a period of years past has eaten his kills regularly was taken seriously ill a week ago with a mysterious malady. Examination by X-Ray disclosed that his intestines were full of shot and that lead poisoning had resulted. Physicians removed more than 200 of the shot, but a new X-Ray examination yesterday showed more than 100 shot still in the digestive canal.

Preparations were made for a second operation for removal of the shot which the doctors said Bell had undoubtedly swallowed in eating wild fowl whose carcasses he had sprinkled with them.

## CAN'T SELL AGED MEAT BUT CAN GIVE IT AWAY

COLUMBUS—Meat held in cold storage longer than allowed by the law must not be sold in Ohio although still wholesome for human consumption, but may be donated to charitable institutions, State Agricultural Director L. J. Taber has ruled.

Thousands of poultry and other meats have been kept in storage houses longer than the legal period in Cleveland, Cincinnati, Toledo, Sandusky and Columbus, according to Taber.

## BENEFITS FROM BETTER BUSINESS PLANS SHOWN

Benefits derived from adoption of better business policies were outlined before Lima merchants and professional men at the Norval Hotel Thursday night.

Plans of the trade extension committee were outlined by E. H. Kettler, Walter Parmenter explained the use of better business methods in advertising copy.

## FORUM TO HEAR ADDRESS ON "SOCIAL HYGIENE"

"Social Hygiene," a topic long relegated to the background by prudish educators, will be the subject of an address given before the Open Forum, Sunday, by Mrs. Lillian Burt, of the state department of health.

Mrs. Burt has spent 25 years in social investigation, and for two years past has been interested in reclaiming wayward girls. The Forum will be held at the First Congregational church.

## IS ARRESTED

COLUMBUS—Police raided the club rooms of the Fraternal Order of Bears early today, arrested ten men and three women and seized 1,500 gallons of home brew and some bonded liquor, a gallon of wine and alleged gambling devices. "Good hunting," said the cops.

## WINTER AGAIN IN COMEBACK

A promise made Thursday in good faith by the weatherman, of warmer conditions for the past night were not realized; on marked degree. In fact, it was but a few degrees milder than the night before.

The good record attained by the forecaster during the past several days was rudely broken in the fall down. However, like a good forecaster who has confidence in his ability to succeed if he keeps at it a sufficient length of time, the prognosticator comes back with a prediction of cloudy and much warmer tonight and Saturday.

Throughout the winter, the week-end have been fairly mild and the one now at hand bids fair to be no exception to the general rule. With near zero temperature again last night and night conditions Friday, there is now little thought of spring. That will come with a rush within a few weeks, however.

## CHICAGO CALLED "HICK TOWN"

Stockingless Girl Preaches Bohemianism to City

OPENS "WIND BLEW INN"

Forced by Police to Put Clothes on Art

(By CARL VICTOR LITTLE)

CHICAGO — (United Press) — Lillian Collier, bob-haired and stockingless missionary of Bohemianism of this frontier community, branded Chicago as a "hick town" today.

Lillian trudged westward from New York to establish an outpost of Greenwich Village.

"I must preach the gospel of real life," she vowed. Whereupon, Lillian rented a two-story garage, set up a mission to convert the heathen to art and christened it "Wind Blew Inn". She sells cakes and tea at 25 cents a copy to pay the annoying overhead.

"Bohemianism will come in Chicago," she wailed. "But it will take years, perhaps ages, maybe aeons. Who knows? But I am willing to sacrifice myself to bring it a step nearer."

"You ask what is wrong with Chicago? This is it — too many folks just in from the corn belt. Really, they drive cows to pasture by here every morning."

**NO REAL PEOPLE**  
"You know there aren't many real people here. I mean those who do the big things; those who see the light."

Lillian, in a batik frock and perched high on a step-ladder white-washed the walls of her temple as she rambled on. She wore no stockings. Her toes protruded from sandals.

"But," she moaned, swishing the wall with the whitewash brush, "I'll try to struggle on and teach these people the value of aesthetic effectiveness."

Chicago police have the souls of village constables, Lillian complained.

Cops blew in "Wind Blew Inn" the other night, she said, and raided the place. "Lookit," she conceded, pointing to two statues dressed all up in overalls. "They made me drag those nudes. Art, where art thou? Gawd!"

Lillian must answer soon on charges of serving a stronger potion than tea in her cracked tea cups. In old French proverb, she said, explains the apparent failure of Chicago to accept a Greenwich village.

The proverb:  
"You can take a hick out of the country, but you can't take the country out of a hick."

## Best Cough Mixture Is Home Made

Acts With Speeds—Loosens the Phlegm—Stops the Irritation and Coughing Ceases

Fine for Chest Colds Too and Is Cheaply Made at Home.

When you can make, in two minutes, world beating remedy that acts directly on the membrane and often overcomes stubborn coughs and even hard chest colds to disappear, why rifle with things that will probably disappoint.

Hoarseness and snuffling and also soreness of the mucous membrane go and you will feel fine in almost no time. Just get one ounce of Parment (don't mistake it for the little sugar pill) enough hot water to make a half pint and you've got an inexpensive remedy better than you can buy ready mixed.

Its soothing, healing action on the membrane is the reason so many people use it for catarrh and acute nasal pain.—Adv.

## Mrs. Myers Wants to Cut Expenses

Believing in true economy, Mrs. Myers yesterday told Mrs. Smith how she had tried to keep her household expenses down—but didn't seem able to save a penny. "I'll tell you what I do," said Mrs. Smith. "For one thing, I save quite a bit of money on my soap bill. I've heard of that Rub-No-More Washing Powder that the grocer sells. Well, I find that it saves me at least half of my soap bill for it's a wonderful water softener and doesn't leave that soapy film so objectionable with ordinary soap powders. Besides it dissolves and moves the grease instantly from my china, glassware, dishes, etc., and leaves them perfectly clean and sparkling." "I'm going down to the grocers this morning and I'll sure get a package of that Rub-No-More Washing Powder," Mrs. Myers stated. adv

Introducing the latest fads and fancies — In All The New Fabrics of The Coming Season — A Notable Collection of Quaint and Lovely Fashions — Dashing New Styles —

Here's a wonderful special group of New Spring Frocks — at a wee little price. The lowness of the price however does not indicate their superb fashions — their fine quality and their superior workmanship — a single glance will readily convince you that these Dresses were intended to be sold at a much higher price.

Among the more charming selections are Dresses created from such fabrics as Wool Crepes, Canton Crepes, Taffetas, etc.

All in all — they're a most enchanting collection of the newest models, in the most fascinating shades. See them Saturday.

We quote no comparative prices, but Suggest that you compare these values with dresses usually selling at \$35.00

## Fashion Decrees Sport Coats for Early Spring

The early days of Spring suggest the need of some sort of Wrap other than a heavy Winter Coat — and the new Sport Coat is the happy medium that spans the season of one extreme with the other.

About 50 new ideas are being shown — in special groups. Smart tailored styles in three-quarter and full length Coats — either belted or strictly tailored — but all with that unmistakable stamp of unusual quality and smartness of style. Now ready in all colors, showing Chinchillas, Camel's Hair, Polos, Herringbones.

## PEOPLE WARNED OF DISEASE

Nephritis in Home Made Liquor, Michigan Expert Says

MEANS NEW HIGH DEATH RATE

Poisonous Ingredients Are Not Eliminated

LANSING, MICH. — (Associated Press)—Unless the practice of drinking illicit liquor is checked in Michigan, the number of cases of nephritis, a type of Bright's disease, will be alarmingly large by 1925, in the opinion of Herbert H. Hoffman, secretary of the state board of pharmacy and in charge of the state agricultural department's bureau for enforcement of drug laws.

The rate of death from this disease will set a new record within three years unless a means is found to prevent the use of "home made" liquor, Mr. Hoffman said.

The amount of good whiskey in Michigan has become relatively small, he said. Mr. Hoffman explained that by the term "good whiskey" he meant that liquor manufactured under government supervision before the advent of prohibition. The larger percentage of good whiskey is in government warehouses and therefore is not available to whiskey drinkers.

As a substitute for the former kind of whiskey bootleggers have turned to manufacture of liquor. "Bonded alcohol is difficult to obtain," Mr. Hoffman said, "and as a result bootleggers have turned to producing crude alcohol from which the poisonous ingredients have not been eliminated by rectifying. Alcohol of the higher grade is produced usually from grains, first distilled and then rectified, to eliminate the impurities. By ageing whiskey in barrels every particle of fusel oil can be eliminated. Fusel oil has no medicinal value whatever, exists only in minute quantities, and is a source of the impurity and is exceedingly toxic, causing, if continually used, nephritis."

"The alcohol in most of the bootleggers' whiskey of the present day is the kind that occurs in the vegetable kingdom. About every substance containing starch and sugar, when fermented, produces alcohol. But under the bootleggers' process the fusel oil remains."

W. KERSHAW COMMISSION AS RESERVE LIEUTENANT IS REVOKED; IS IN CHICAGO

Appointment of Craig W. Kershaw, Lieutenant in the 32nd Infantry, 1st Division reserves, was revoked today by Colonel G. H. Davis, Commanding General, Adjutant General, and with a long list of Ohio residents similarly assigned. Lieutenant Kershaw is a son of Mr. A. Kershaw, 335 N. Charles, and a brother of Joseph Scott Kershaw, murdered in a B. & O. box car November 20. Harold Nienmeyer, former Argonne hotel bell boy, who recently broke jail at Wapaketa, is charged with the crime. After being assigned, Kershaw left the state and is residing in Chicago. He is with the jurisdiction of another reserve division, which he may be transferred to. He is a world war veteran and a commissioned in the reserves up to discharge. Kershaw saw service on guard duty along the border.

Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

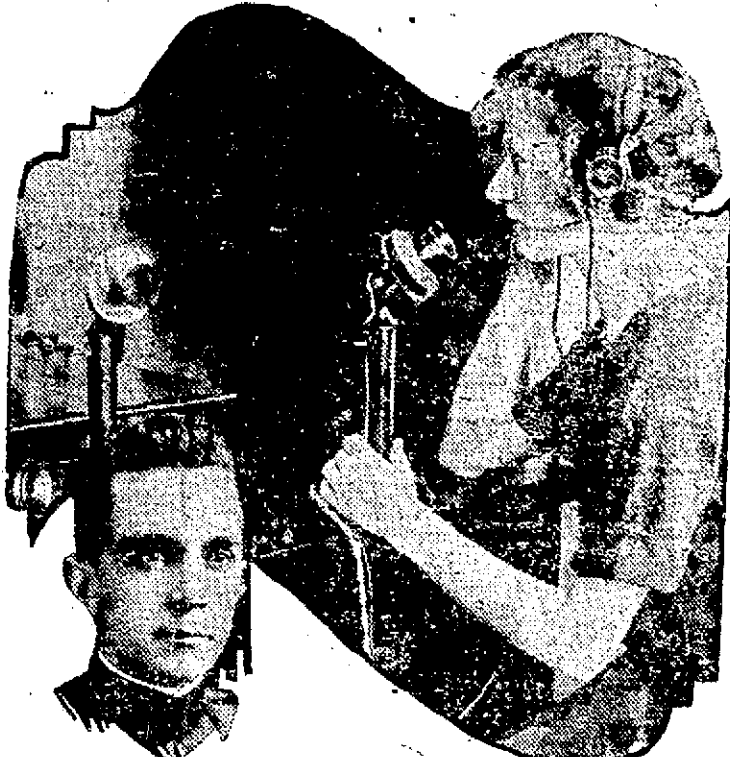

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestine healthy. In one series of tests cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's yeast—the familiar 4-oz. package with the yellow label. Place a standing order with your grocer.

## THIS WILL GUARD LIMA GIRLS' SECRETS

LISTEN girls. It's all fixed. When your sweetie calls up, no uninvited listener can eavesdrop on the wire and hear his passionate declarations. That is when the Superphone comes into general use. Love and business can now be transacted in secret via telephone.

The superphone solves all problems of crossed wires, and listening in. Push a button and the superphone is connected, bringing absolute privacy.

That its use for business and the both Company G, 126th Infantry and Battery A, 105th field artillery, will share the new armory. The lease for Stein hall expires November 1, but the owners have agreed to cancel, if another tenant can be secured.

The new location will give both companies ample room for drills. Artillery can be moved about sufficiently to afford gun crews practice. Four French "75s," capable in the hands of expert cannoneers of firing 33 shots a minute, are to be shipped to Lima for Battery A. Terrific excitement caused by this type of cannon, turned the Germans back from the Marne in 1918.

Transfer of soldiers and equipment from the cavalry troop to Battery D is completed. The officers are Calvin Selfridge, captain; Ed Daley and J. Franklin Cover, first lieutenants, and Neal R. Poling, second lieutenant.

Major Frank Home, ranking guard officer in the city, stated that

## 75% OF HOUSEWIVES SOAK EVERYDAY CLOTHES

What does soaking mean to you? Three out of every four housewives always loosen the dirt by letting the clothes soak before they start washing.

With the ordinary soaps, this helped a little but there was still a lot of rubbing to be done. Rinso, an entirely new kind of soap, loosens and dissolves every bit of dirt, without the slightest injury to the clothes. Soak your clothes an hour or more in Rinso and the dirt rinses right out, all but the most stubborn places and those need only a light rubbing.

Rinso is the only soap you need for the entire regular family wash. You don't need any other soap—nor any washing powder with Rinso. Women who are using it say their clothes are spotless and last longer.

 Action Taken at Toledo Against  
 Rail Brotherhood

TOLEDO (Associated Press).—A  
 appointment of a receiver for the  
 United Brotherhood of Carpenters  
 and Joiners of America, Toledo  
 Lodge No. 1, was asked in a petition  
 filed in federal court here by the  
 Toledo Carpenters' Union, which  
 claims that the lodge is insolvent  
 and that its assets are being  
 misappropriated by its officers.  
 The petition was filed by  
 J. H. Smith, president of the  
 union, and is supported by a  
 statement of the union's financial  
 condition. The statement shows  
 that the lodge has a deficit of  
 \$10,000 and that its assets are  
 being used for the private in-  
 terests of its officers.

 The attitude of the people toward  
 the prince of Wales was indicated  
 on his arrival here today. The  
 prince was given the customary  
 welcome, without any attempt  
 being made to seat the crowds  
 who were waiting to see him.  
 The prince was escorted to  
 his quarters by a detachment  
 of British troops. The  
 people were not allowed  
 to approach the prince's  
 quarters. The prince  
 was seen only from a  
 distance. The people  
 were disappointed.

Boy Sentenced For Stealing Socks for Poor Lad

BUENOS AIRES — (Associated Press)—A ponderous legal controversy has arisen between President Irigoyen and the courts over the president's right to pardon a boy who had been sentenced to serve two years in the penitentiary for stealing a dozen pairs of cotton socks.

Jose Ibanez, 13-year-old youth, who was employed in a Buenos Aires clothing store, did not steal the socks for himself, but for a poor boy who had none. Nevertheless, the judge gave him the full penalty of the law.

Appeal was taken to the criminal court of appeals and Jose was kept in jail for 11 months while the judges deliberated.

President Irigoyen intervened and pardoned him and Jose returned to his home. ARREST ORDERED.

The court then ordered the police to arrest him and return him to prison, asserting the president had no power to pardon a person whose guilt or innocence had not been legally determined. They said, as Jose had not been convicted pending their decision, he could not be pardoned.

However, the usually efficient Buenos Aires police have thus far singularly failed to locate the boy classed by the court as a fugitive.

## Is That Cold and Cough Hanging On?

YOU will be convinced that Dr. King's New Discovery does just what it is meant to do—soothes coughs, raw throats, congestion-tormented chests, loosens the phlegm pack and breaks the obstinate cold and gripe attack, relieves the congestion in the head. No harmful drugs, therefore good for children as well as grownups.

Right away you will notice the change for the better. Has a convincing, healing taste that you will appreciate. Buy a bottle at any drugstore on the way home to-night, 60c.
